MICHAEL

Michael Aram is an award-winning American artist who has dedicated his career to craft-based design. Inspired by a trip to India at age 25, he established a second home and studio there, where he continues to draw creative inspiration today.

Trained as a painter, sculptor, and art historian, Michael has neatly applied his diverse background to the decorative arts. Lyrical and often witty, his work encompasses a wide range of media and reveals a rich and varied source of inspiration—nature, mythology, narrative storytelling, and purified form. Michael's work is also a celebration of craft and age-old hand working traditions. It is the enduring fusion of these ideals—originality, narrative, and craftsmanship—that has become the hallmark of this gifted artist.

"There is a tremendous reflection of our humanity in handmade objects. When you make things by hand, somehow that energy, that tension, that passion, all gets absorbed into the object. Objects are powerful. They trace history, trace our passage through time, they capture memories for generations." - M.

MAKING

A deep love for the handmade process is at the core of everything Michael makes. Fascinated with the richness of the living crafts tradition, which he discovered on his first trip to Delhi, Michael would seek out craftsmen in the old city by listening for the sound of metal being beaten and by searching for the aroma of baked molasses, a signal of the sand casting process. The artisans he encountered were making ordinary objects such as buckets, shovels, and scissors, but for Michael, their traditional techniques were extraordinary. Michael spent hours observing artisans as they made things the same way families had made them for centuries. Touched by the talent and humility of these gifted artisans, Michael set up a studio in India where he has created his work for over 30 years. Today, over 200 artisans work alongside him in his workshop, where the same creative interaction between artist and artisan remains the source of every object that Michael makes.

MOTIF

Michael is highly inspired by his surroundings and often makes sculptures of objects that might otherwise be overlooked in the everyday. Nature is his biggest muse, as is the handmade process. His work combines the imperfections innate in the handmade process, with the perfectly imperfect beauty of nature, to create objects that reflect humanity. Many of his pieces are ingrained with a rich storyline, inherent symbolism, and deep-rooted meaning. Sometimes his work is simply an exploration and celebration of the handmade process.

BLACK ORCHID

The Orchid Collection celebrates the ethereal spirit of the orchid plant. Symbolic of purity and grace, this collection captures the delicate nature of orchids while also expressing a quality of mystery and sensuality.

"There is something so captivating about orchids. In black, orchids appear more seductive, like a woman wearing a black velvet gown in a glassy urban high-rise. The dark atmosphere of the black orchid is more sensual to me, like the afterglow of a beautiful evening. I am fascinated by this mystery behind a black orchid's origin, and the question of if they truly exist in nature." - M.

BUTTERFLY GINKGO

The Butterfly Ginkgo Collection celebrates the representation of flora as fauna. Michael's fascination with a particular type of ginkgo tree, the Ginkgo Biloba, or "Butterfly Ginkgo", which grows with a double leaf reminiscent of a butterfly's wings, gave rise to a fantasia image of the plant. Executed at the highest level of handcraftsmanship, each piece is rendered in solid brass with hand etched cocoon-shaped vessels. The pieces in the collection are a tour de force of the handcrafted process, capturing the poetic spirit that is so deeply indicative of Michael's work.

"The first time I saw this tree, it literally looked like it had been completely overtaken by butterflies... as if they would all take flight the moment I walked too close or made a noise. The idea that the leaves could evoke the beauty of butterflies was magical to me, like trees that can metamorphose from flora to fauna in the blink of an eye." - M

GOLDEN GINKGO

The Golden Ginkgo Collection takes its inspiration from the intricacies of form and texture found in foliage from around the world. By interpreting plant forms in cast metal, Aram presents work which is evocative of a natural environment transformed and redefined.

"These pieces have wonderfully undulating leaves, which create an almost rococo surface of playful, delicate, and intricate forms. By combining the individually sculpted leaves, the natural forms join to create a complex patterning. I've tried to capture that sense of movement and fragility in metal." - M.

CALLA LILY

The Calla Lily Collection is inspired by the beauty of the calla lily flower. The architectural, curving shape of the flower is strong, yet suggests an intense sensuality. The flower is associated with weddings as is symbolic of purity and innocence.

"I was thinking of the romance of weddings and how bouquets often use flowers which carry symbolism. I remembered a picture of a woman I had seen holding her bouquet of calla lilies. She was classic, timeless, and modern all at once. There is something so alluring about the billowy flowers and arching stems which feel contemporary, yet still utterly romantic." ~ M.

CHERRY BLOSSOM

The Cherry Blossom Collection is inspired by the liveliness and vitality of the Japanese flower as it blossoms each Spring. Embodying the ideals of renewal, Michael is captivated by the intricate nature of the flower and the symbolism that it holds. Representing fragility and the beauty of life, the Cherry Blossom Collection combines soft, muted pink tones with golden brass and white marble to add a delicacy that exhibits the pure beauty of nature.

"I have always been fascinated with the Cherry Blossom and its symbolism with the cycle of life. I find the ephemeral beauty of the blossoms and their way they burst into bloom, however fleetingly, truly inspiring." - M.

DAHLIA

The Dahlia Collection captures a sense of romance, intricacy, and opulence. In the Victorian era, Dahlias were given as a symbol of love and devotion. In certain pieces, Michael has chosen to contrast the radiant golden blooms against black granite and enameled stainless steel, evoking a mysterious sensuality. When found in nature, the petals' perfect symmetry and spiraling pattern embody the Golden Ratio.

"When you hold a Dahlia in your hand, it is like seeing the whole universe. Each interconnected petal, perfectly imperfect and in harmony with the next, comes together to create something magnificent." - M.

DANDELION

The Dandelion Collection drifts on the wings of a wish. In many cultures, dandelions are a symbol of hope and healing and are thought to possess the power to turn dreams into reality. Whether closing your eyes to scatter their seeds, or clutching to shout your wish into the wind, the shape of the dandelion conjures optimism and magic.

"I'm drawn to the overlooked beauty of the dandelion. While generally considered undesirable in the garden, the sight of their fluffy seeds floating and suspended in the air is one of life's simple pleasures. Here I've tried to interpret that weightless grace." - M.

HEART

The Heart Collection is built around the simple but universal symbol of love, hope, friendship and caring. The shape of the heart creates instant responses in us all and carries a world of meaning that changes according to the intent of both the giver and the recipient. In Aram's version, the classic motif is interpreted through ancient techniques of handcraftsmanship.

"These heart pieces are all unique as they are hand forged and cut. There is an individuality to each object, just as our hearts and expressions of love are different from person to person, from moment to moment. I imagine that as we use these simple objects, they serve as nostalgic mementos of love." ~ M.

LOVEBIRDS

The Lovebirds Collection celebrates love and the deeply engrained nature in us all to bond with one another. The branch that the birds perch upon symbolizes growth and evokes tree of life imagery. The white, four-petaled flowers represent wholeness, unity, and innocence.

"There is a certain vulnerability in opening your heart and letting your connection with someone blossom. I am fascinated by the way Lovebirds take care of each other in nature, courting each other, feeding each other, and creating lifelong connections in a way so parallel to the human experience." -M.

"I am drawn to the idea of knots. With no beginning or no end, their twisted, figure-eight like shapes speaks to an eternal bond. The braided ropes show the merging of two elements, coming together into something larger and greater than themselves - as all our loves should be." - M.

The elegant composition of finishes creates a perfect balance, evoking a feeling of subtle luxury. Each stem feels so delicate and weightless, belying the fact that the pieces are forged in metal and anchored in marble, crafted to last an eternity." - M.

The simple forms create objects that serve wonderfully as stunning individual gifts or an exuberant table setting that decorates an entire moment of your life. "The olive branch has always held a powerful meaning for me representing both peace and victory. In designing functional objects with natural forms, there is a mingled sense of fragility and intensity. For me, it is like nature spreading through my interior spaces - like a magical olive grove sweetly willing its way into my home." - M.

PALM

The Palm Collection is inspired by the beauty of a windswept palm tree and the perfectly imperfect shapes of woven palm leaves and fallen fronds. The warm antique gold finish and the intricate sculpted textures exude comfortable luxury and graciousness.

"I was having lunch with friends on a veranda overlooking the sea when I looked down to the lawn and saw a fallen palm frond. The leaves were all twisted and curled, yet it stood out magnificently against the otherwise perfect landscape. It made me think of the passage of time, and the bountiful gifts of the Palm tree, which provides everything from food to shelter." - M.

POMEGRANATE

The Michael Aram Pomegranate Collection takes its inspiration from one of the most universal and ancient symbols in the world. The fruit has been prized across the globe, across cultures and across time as a representation of life, rebirth, and renewal as well as fertility and union.

"I grew up around pomegranates - from their use as natural dyes on the antique rugs I used to crawl on as a baby to an integral ingredient in the food that I love. When I'm at my home in New Delhi, I wake each morning to the taste of fresh squeezed pomegranate juice. The color, the smell, the delicate flavor all make it feel like a magical elixir to me." - M.

"This collection makes me happy. The contrast of glinting metals and matte surfaces create iridescent tones that connote a sense of celebration. Each piece is hand-forged after casting which allows the surface to glimmer and sparkle in a radiant way. TULIP

The Tulip Collection celebrates rebirth as the ground begins to thaw and new life flourishes. Inspired by the feathery petals of the Parrot Tulip, each petal ripples as if the flower is about to take flight. Symbolic of perfect love, these expressive blooms tell a story of life, passion, grace, and new beginnings. The Tulip Collection features elaborate sculpts in a modern, lyrical way. The white enamel and gold finish reflect light and shadow that caress each flower as the world begins to wake.

"I've grown up with tulips in my garden since I was a child, and still enjoy the surprise of them as a first sign of spring. The image of their stems forcing through the dirt and eventually bowing under the weight of their heavyheaded blooms is something I find so precious and beautiful." - M.

VINTAGE BLOOM

The Vintage Bloom Collection evokes a sentimental interpretation of nature as inspired by Michael's love of old botanical prints. The mixed metals and delicate enamel finishes capture a sense of nostalgia for the eclectic glamour of the 1940's.

"I found a forgotten piece of textile with fabulous watercolor flowers on linen that had faded ever-so-beautifully, over the years. The fabric and floral pattern reminded me of the dresses my grandmother often wore around the house. The designs in this collection bring back those feelings of nostalgia and effortless style." - M.

AUTUMN

The Autumnal Collection captures the excitement of the changing seasons and the anticipation of holiday celebrations. These pieces promise to brighten and warm your home as the nights grow colder and the days grow shorter. Age-old handicraft techniques ensure that each piece is unique and captures the perfectly imperfect gestures inherent in objects made by hand. Each falling leaf, speckled pumpkin, and twisted stem becomes a metaphor for life itself and acts as a reminder of the passage of time and the ephemeral beauty of life.

"I get so much satisfaction knowing my pieces enhance family gatherings, particularly around important holidays when we are most likely to connect with loved ones. I hope my work brings joy to your home both in quiet times and at times of great celebration." -M.

CHRISTMAS

The Michael Aram Ornament Collection portrays a series of unique objects that celebrate symbols of the holiday season. Whether seen individually or as a group, they evoke a sense of charm and fantasy with the undeniable signature of Michael's style. Drawing profoundly from Michael's background as a sculptor, each piece emerges from hand-sculpted clay and offers a child-like quality with an inherent depth of meaning.

"Christmas ornaments hold a special meaning for me, along with millions of people across the world. Each one is like a little jewel, with its own story and its own connections. Every year, they make their highly anticipated appearance and it feels like they bring a particular magic with them. The whole process is like a profound family ritual that sweetly symbolizes everything the holidays are about." -M.
